TRIAGE

*****NOTE: Wis. Stat. § 175.32(2):** Any person who is a mandatory reporter under the child abuse statute, such as a nurse, a medical or mental health professional, a social worker, a school teacher, a school administrator, a school counselor, or any other school employee, or a police or law enforcement officer, is required to report, as described below, if that person, in good faith, believes that there is a *serious and imminent* threat to the health or safety of a student, school employee or the public, based on a threat regarding violence in or targeted against a school made by an individual seen in the course of the mandatory reporter's professional duties. The same applies to a member of the clergy unless the member of the clergy receives the information regarding the threat privately where, under the circumstances of the religion or tradition, the communication is expected to be kept private.

Wis. Stat. § 175.32(3): To "report" means, by telephone or in person, to immediately inform a law enforcement agency of the reasons why the reporter believes there is a *serious and imminent* threat to the health or safety of a student or school employee or the public.

Wis. Stat. § 175.32(5): Anyone who fails to report as required by law may be fined no more than \$1000 or imprisoned for no more than 6 months or both.
